

# THE BRANCH 324 BUZZ

September 2019  
Legislative Edition

## Why is it that legislative issues are so important to the NALC and the USPS?

The NALC has been the leader in stepping up and fighting for the USPS in Washington, DC. Many carriers know we have a National Agreement between the USPS and NALC but all of that can change with the stroke of a pen. It is vital that we bipartisan support on postal legislation and keep the USPS strong and going forward into the future. This is why it is so critical for each and every one of us to stay up to date on legislative issues regarding our future.

## How can I stay involved and know when I need to act?

The NALC created the 'NALC Member App' which can be downloaded on Android and Apple devices. If you don't have it yet, download it. It is a great resource for information on many levels. Push notifications will also be sent to every phone when it is time to act asking you to contact your representatives on legislative issues. Many other great tools are also in the app and can be customized by you for your interests. It's great to have this resource at your fingertips.

## Oppose Postal Privatization S. Res. 99 & H. Res. 33

NALC opposes postal privatization in all forms and supports S. Res. 99 and H. Res. 33, which calls on Congress to ensure that the Postal Service remains an independent establishment and not subject to privatization.

## Door Delivery—H. Res 23

Door delivery should be expanded, not restricted or eliminated. Cutting it would undermine the Postal Service's 'last mile' advantage, and likely reduce revenues by more than any cost savings. NALC supports H. Res. 23, which maintains door delivery for all business and residential customers.

## Support USPS Fairness Act (H.R. 2382)

Repeal the pre-funding mandate. NALC supports H.R. 2382, the bipartisan USPS Fairness Act, which would repeal the pre-funding mandate.

## Six-Day Delivery—H. Res. 54

NALC supports H. Res. 54, which continues six-day delivery for all business and residential customers.

## Service Standards—H.Res. 60

NALC supports H. Res. 60, expresses the sense that USPS should take all appropriate measures to restore service standards in effect as of July 1, 2012.
