Rosacea Therapy Facial♥

55 min. \$60

This treatment utilizes the power and calming effects of pumpkin for individuals with Rosacea-like redness or anyone experiencing skin sensitivities. The benefits of this facial include reduction of overall redness, irritation and restoration of hydration.

Dermaplane Facial♥

55 min. \$65

This is a non-invasive treatment, which uses a special tool at a forty-five degree angle and stroked along the skin. This is a wonderful form of exfoliation that removes dulling dead skin and vellus hair that traps dirt and oil within the skin. This facial is customized to fit your skins needs. You'll immediately look more radiant with a more even skin tone and texture. Not recommended for acneic skin.

Ultrasonic Facial

1 ½ hr.

The Ultrasonic Facial, developed by physicians, is a clinical treatment that uses ultrasound for state-of-the-art resurfacing techniques. Penetrating water into your pores at 28,000 times per second, oil, dirt and dead skin is flushed out. This process kills bacteria and reduces inflammation. Customizable for hydration or acne prone skin, serums are then permeated into the epidermis. A micro-current stimulates the production of collagen and elastin within the skin providing incredible hydration and age defying power! With the benefits of pumpkin, the Ultrasonic Facial can also be used to reduce redness and calm Rosacea skin. A luxurious décolleté, arm and hand massage is performed with this facial.
