

Dear Tish,

We can't thank you enough for the wonderful work you and your team did on our front and back yard. You tackled our challenging project with creativity and persistence, calmly working through setbacks due to pandemic shut downs and state fires. Your crew was professional, meticulous, and detail-oriented. We truly miss seeing your friendly faces each day!

Prior to your arrival, the majority of our yard was unusable due to poor soil and hillside slopes in every direction. With our new landscaping, there are inviting tiered patios and landings, bubbling fountains, cozy spaces to gather with friends and family, and colorful blooms in every direction! We've enjoyed wandering the gardens and seem to find something new to look at each day. It's especially fun to watch neighbors stop during their daily walks to admire our new "park-like" setting.

We also love that you provided ample gardening beds for us to grow a variety of vegetables to feed our large family. It's been a nutritious and great calming activity for us during this crazy year of 2020! We look forward to fresh fruit next season, with the variety of trees you planted.

The automated, app-controlled lighting and watering systems have been fantastic and easy to use. We are shocked (and very pleased!) at how low our water bill has been, thanks to your drought resistant plant choices and irrigation design.

Thank you again for bringing your expertise and artistic vision to our home. You have realized our property's potential in ways we never could have imagined, and we couldn't be happier!

With gratitude,

Lisa Carr-Goudy & Don Goudy, DDS
