

5-18-14

Tish,

I wanted to write and tell you how pleased I am with the work done on my property. Many thanks to you, to Jeremy, and to the crew. I was so impressed with the way the group worked: skillfully, competently, and diligently. It is still difficult to realize that the job was completed in one week, and that the area was left "neat and tidy" - each day. I am relieved that the Douglas fir is gone before it split apart! And I like the appearance of the driveway without the fire-hazard pines. I thought the area would look denuded, but now I can see the other trees!

Thanks again, Norma
