Dear Tish,

I wanted to send you some pictures that showcase your work. Unfortunately my ability to take pictures does not do justice to your ability to design landscapes.

Needless to say we love our new landscaping! Everything is beautiful, the lawn is so nice to look at Bill won't let me walk on it and at night it's absolutely incredible with the lighting effects. Even the neighbors have made comments about how nice the lighting looks twinkling between the trees.

You and your crew were great. As you know, we've done a lot of construction on the house since we moved in; the master bath, the decks, the retaining wall and the landscaping. You out of all of the contractors we've had up here were the most considerate when it came to keeping the trash to a central location and cleaning up. You even deaned up some of the other guy's stuff. I can't thank you enough for that!

Bill and I really do love the work that you've done and I can't wait to get started on the other part of the property.

Thanks for the beautiful lawn,

Sunny Powell
