"Uncommon Textile Journeys that Change Lives"

Meet Our Scottish Weaving Mentor...

A Tapestry and Textile Artist. The subject is the Sea, materials and medium are textile.

"Ideas take a long time to evolve, almost as long as it takes to weave them. Starting with an experience: a sea journey, yacht race, the local harbour, or a wet and windy day on the coast. This personal experience is enhanced by research, both written and visual. Ideas are refined and developed through drawing, painting, and sampling.

Techniques and materials play an increasingly important role in the development of my ideas. The manipulation of traditional tapestry and textile techniques provides me with a creative language in which to explore my ideas. As we are all becoming more aware of issues around resources and sustainability, I am ever conscious of the

need to use materials I

have or can repurpose. This has led to discovering a wealth of recycled or repurposed materials with which to work." ~ Fiona Hutchinson

Fiona Hutchinson

為有斗為

We are so excited to work with Fiona, an accomplished tapestry weaver trained in the Tapestry Department of Edinburgh College of Art. She graduated with a 1st Class Honours Degree and Postgraduate Diploma in 1985. She divides her time between teaching, commission work and developing her own work for exhibition.

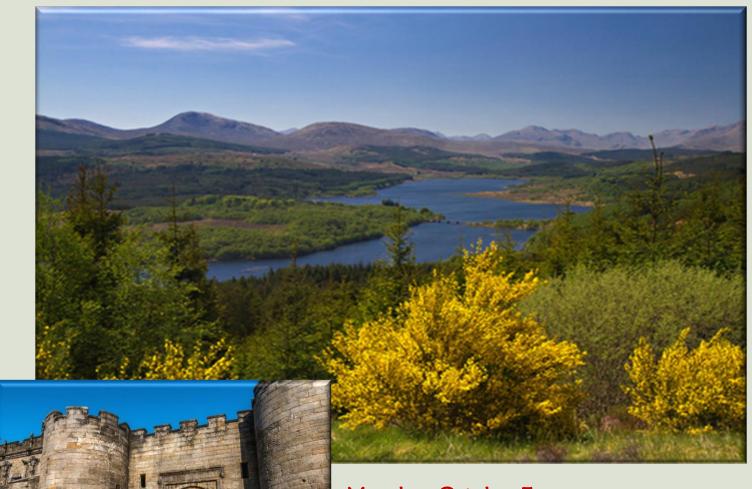

Teaching is an important part of her creative practice. She teaches workshops for Dovecot Studio, West Dean and guilds throughout the UK. Fiona is also a teaching fellow in tapestry weaving and stitched textiles at Edinburgh University.

As an artist and teacher working predominantly but not exclusively in Gobeiln tapestry, content is paramount in the development of her work. Fiona aims to create a dialogue between the subject, materials and viewer. While traditional techniques and craftsmanship are important, it is the idea, the vision and her hand that defines the work.

Growing up in the city, but by the water's edge, the sea is enormously important in Fiona's life. Over the last 35 years it has provided her with a starting point for her creative journey. Whether from personal experience or research, her aim is not to create a representation of the seas and oceans but something experienced, a deeply felt personal connection. It is as much a self-portrait as it is a reflection on the sea.

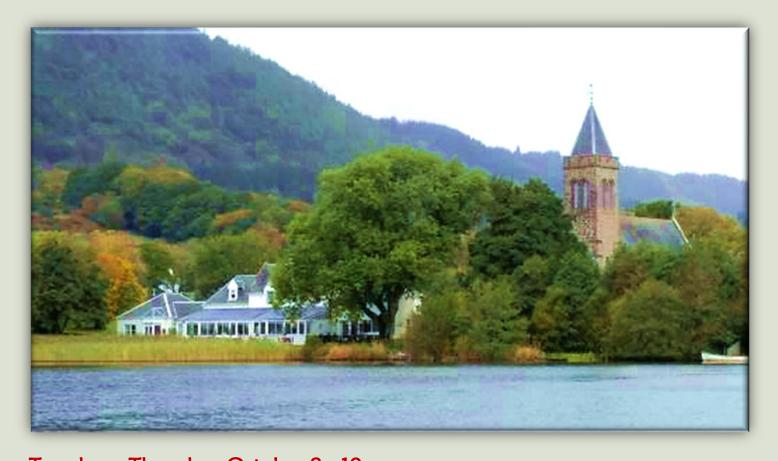

Monday, October 7 Braveheart Country and the Lake of Menteith

Today is the beginning of our journey through Scotland. (If you are interested in the pre-trip extension in Edinburgh, please refer to Page 19 for the itinerary.) We meet as a group in Edinburgh at the Radisson Blu Hotel on the Royal Mile for a 930AM departure into the wonders of the countryside.** We will drive in our private van

approximately 1½ hours northeast into the remarkable scenery of Scotland's Central Highlands. This is Rob Roy and Braveheart Country (literally)! Our destination is Port of Menteith in Trossachs National Park. Nestled lakeside is our lovely hotel, the Lake of Menteith Hotel, which was originally a 19th Century Manse which has been fully refurbished. Dating from 1854, this beautiful hotel combines spectacular views with luxurious comfort and fine dining, embodying the spirit of a classic New England waterfront inn. The glorious views out over the lake and to the island and mountains beyond are

broken only by diving osprey and other waterfowl. En route to the lake, we'll visit Stirling Castle which is the famous castle of the Stuart Kings. Here we can see the 'mille fleur' tapestries from the Middle Ages and the recent weavings that were part of the Unicorn Tapestry Project. The project was commissioned by Historic Scotland in 2001 to restore the King's palace to its 1540's style. A team of 18 weavers from all over the world came together to reinterpret and weave the "Hunt of the Unicorn" tapestries. All seven of these tapestries are on display in the castle. Overnight at Lake of Menteith Hotel.

**If you are not participating in the pre-trip extension, please plan on being at the Radisson Blu Hotel by 9AM.

Tuesday – Thursday, October 8 - 10 Weaving Workshop with Fiona Hutchinson on the Shores of Lake of Menteith

Today, the weavers will begin a three-day weaving workshop with Fiona Hutchinson, tapestry and textile artist, on the shores of Lake of Menteith. Inspired by our spectacular surroundings, we will spend these three days indulging our creative side with fiber. Fiona, our mentor, is a teaching fellow in tapestry weaving and stitched textiles for Edinburgh

University and also operates workshops for Dovecot Studio, West Dean and Weavers Bazaar in Scotland. She is also a founding member of STAR (Scottish and Tapestry Artist Regrouped) and ETF (European Tapestry Forum). In addition, Fiona is an active Professional Member of the SSA (Society of Scottish Artist) and member of VAS (Visual Arts Scotland). We are indeed so lucky to work with her! (See Fiona's bio on Page 2).

Top Photo: Lake of Menteith Hotel

During our workshop, we will learn a variety of weaving techniques inspired by the sea with an exploration of surface and structure of tapestry. We'll explore weaving with supplementary warps, whipping and twisting the warps to create exciting 3D designs. (Don't worry, no prior weaving experience is

necessary!). We'll also have some time to explore around the hotel, including an ancient Priory, built in 1238, on the Isle of Inchmahome right across the lake from our hotel. Here is where Mary Queen of Scots was sequestered for her safety. Overnights at Lake of Menteith Hotel. (B daily)

Friday, October 11 Into the Highlands of Outlander: Lochs, Whiskey, Cultural History and More

We have an extraordinary, full day today seeing the sights. We meander deeper into the Highlands in our private van with our final destination in Pitlochry. We'll travel 15 miles along beautiful, dark and mysterious Loch Tay. At 508 feet deep, Loch Tay is one of the deepest in Scotland and flanked by Ben Lawers Mountain which at 1,214 meters, is the highest mountain in the British Isles. Toward the north end, we visit the Scottish Crannog Centre. Here we step back 5,000 years in time when the local inhabitants built defensive homesteads, known as *crannogs*. More than 20 submerged crannogs have been discovered in the loch with one of the best-preserved examples at this location. We will visit

Scotland's only authentic recreation of an Iron Age loch dwelling.

We simply cannot travel through this scenic area without sampling some famous Scotch Whiskey along the way. Fortunately for us, the Highlands

is the biggest geographic region for this libation. We will have the chance to discover the history, traditions and trade secrets behind the production of world-famous Scotch Whiskey with a tour and tasting at a local distillery. Here we will enjoy a wee dram before heading to our accommodation for the next three nights in Pitlochry. Our lodging is at the Claymore Guest House which offers unique four-star accommodation in historic Pitlochry. While The Claymore is set in award-winning gardens with uninterrupted views of the Cluniemore Hills, it is conveniently situated on Pitlochry's main street making this lovely town easily accessible. Overnight at the The Claymore Guest House. (B)

Saturday – Sunday, October 12-13 A Castle, Lace, Sheepdogs and a Living Folk Museum

These two days will be spent exploring the area around Pitlochry with some time on your own to relax and enjoy the quaint town of Pitlochry located in the Highlands and heart of Scotland. Here the lush countryside with gorgeous scenery, remarkably rich clan history, great food and makes it a memorable destination with many sights to see. We've added an extra day here to allow a more relaxed immersion into the magic.

We will visit Blair Castle which has a rich history dating back to 1269 and is considered one of Scotland's greatest historical castles and most highly rated sites. Its rich history takes us through Mary, Queen of Scots to the Civil War, and from

the Act of Union to the Jacobite cause and the disaster of Culloden, and from the Isle of Man to Queen Victoria's love affair with the Scottish Highlands and the castle's presentation of colours to the Atholl Highlanders. The architecture is marvelous and represents many eras. Spread out over 30 rooms, the castle's collections provide a broad overview of Scottish life over the centuries. The grounds were laid out in the 18th century with a spectacular walled garden, the ruins of a kirk, a tranquil wooded grove, a gothic folly and a red deer park. The gardens also boast colorful resident

peacocks and Highland cattle in nearby fields. We'll have plenty of time to tour around the castle and its beautiful grounds. We will finish up our visit with a special tour of Lady Evelyn's Needlework and Embroidery collection in the castle. She was an avid embroiderer herself and created a coat of arms that took her 7 years to complete.

We will also enjoy a special visit to the Highland Folk Museum in Kingussie, Britain's first open air museum. Here we step back in time to experience learn how our Scottish Highland ancestors lived, built their homes, tilled the soil and how they dressed from the 1700's to the 1950's.

Next, we have a real Highland treat!
Surrounded by some of the most beautiful scenery in Scotland, we will be able to enjoy and participate in the traditional

working day of a Highland Shepherd and his dogs. At Leault Farm with trainer Neil Ross, we will witness up to eight dogs working as a team maneuvering sheep through various obstacles. It is quite a sight to see! You have the opportunity to help with the shearing if desired. If we're lucky, we might just get to feed a lamb with a bottle! Overnight at The Claymore Guesthouse (B daily)

Monday, October 14 Further into the Highlands: Historic Woolen Mills, A Stone Circle & Legendary Hospitality

We continue north today with our destination near Inverness and Loch Ness. First along the way, we have a special visit arranged at Johnson's of Eligin Workshop, a 225-year-old mill, the only vertical mill in Scotland. Here we learn about their rich Scottish heritage and the entire process of the woolen mill from the dyeing and blending to the spinning and teasling. Our immersive visit highlights the family business in operation since 1797 and that has passed down their skills through generations to produce cashmere and merino wool

products. We'll also visit Knockando Woolen Mill located in the Spey Valley where it has occupied the same site for over

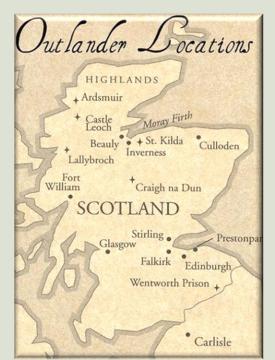

230 years.
Traditional
tweeds and
contemporary
designs are
woven here. The
mill was first
listed as the
"Wauk Mill" in
parish records
from 1784. This
mill has always
been at the heart
of the community

Carrying on north, before arriving at our destination in the late afternoon, we have a very special stop in store at Clava Cairns. According to the *Outlander* books, Craich na Dun was a fictional

stone circle where Claire was swept through a portal back in time to 17th century Scotland. Clava Cairns is thought to be the inspiration for this event and setting. The burial cairns here are over 4,000 years old. This is

one of Scotland's most evocative stone circle sites. Finally, we arrive at our accommodation for the next three nights (yes, we have added an extra night here!) the exquisite Georgian mansion, Culloden House. Situated on nearly 40 acres, guests are free to wander about the woodland and private gardens. This luxurious four-star hotel is an oasis of remarkable tranquility and majesty and is considered the most elegant country retreat in the area. The ancient house has quite a history! More than two centuries ago Bonnie Prince Charles used Culloden House as his lodging and battle headquarters the night prior to the fateful battle on Culloden Moor. Early on, various owners claimed Culloden as their home. These range from the family of the first Stuart King, Robert II, to the chieftain of the Macintosh clan. Today, you will experience legendary Highland hospitality and comfort.

There is the opportunity to enjoy an exclusive whiskey tasting here

to sample drams from the Highlands, the Lowlands and the Islands (extra cost).

The lovely restaurant's chef creates divine cuisine using local produce and local delicacies like Loch Fyne salmon, sweet Orkney crab, and Scotch beef fillet from the Highlands. Overnight at the Culloden House. (B)

Tuesday - Wednesday, October 15 - 16 Loch Ness and Culloden Battlefield

We have built in an extra day in this extraordinary setting to allow for a full immersion into the rich history of the area. During these two days, you can choose how you would like to spend your time. You can opt for an excursion to Culloden Battlefield, the historic site of the last hand-to-hand land battle fought on British soil. Here you can walk the battlefield that has been restored to as close as possible on that fateful day in April 1746 which changed the way of life for the Highlanders forever.

You will also have the chance to enjoy the breathtaking scenery of Loch Ness onboard the Jacobite Queen with entry to the romantic ruins

of Urquhart Castle (both tours included). Or you can choose to visit other sites or participate in other activities nearby (additional cost). Cawdor Castle, considered the most romantic castle in the Highlands, is quite close. It has been the home to the thanes of Cawdor since the early 14th century and has been linked romantically to Shakespeare's *Macbeth*. Tremendous golf and salmon fishing is also close by as is a variety of "shoots" that can be organized for grouse, partridge and duck.

Of course, you can opt to explore Inverness or just relax on this gorgeous property and take advantage of a massage in your room. The choice is yours (these activities at an additional cost). Overnight at Culloden House Hotel. (B)

Thursday, October 17 To the Isle of Skye: Loch Ness, Plockton and Eilean Donan Castle

Today we will travel via our private van to the Isle of Skye in the Western Highlands. Once again, there is much to see on the way. What trip to Scotland would be complete without driving along Loch Ness hoping to get a glimpse of Nessie? Further on, we will visit Eilean Donan Castle, one of the most iconic images in all of Scotland (photo above). First inhabited in the 6th Century, the castle is situated where three great sea lochs come together. The first fortified castle was built in the mid-13th century. We will spend some time lingering around this legendary fortress. After a delicious lunch in Plockton at an old inn by the sea, we carry on and cross the

land bridge to the Isle of Skye. This incredible island was voted the "4th Best Island in the World" by National Geographic Magazine. Skye is the largest and most northerly of the Inner Hebrides Islands. Sometimes referred to in Gaelic poetry and song as *Eilean a' Cheò* (The Misty Isle), Skye is renowned for its natural beauty, unspoiled landscape, history and wildlife. It is a rich tapestry of velvet moors, glistening lochs, towering sea cliffs and the Cuillins, a jagged mountain range.

Our accommodation for the next three nights is at the 4-star Cuillin Hills Hotel. Chosen for its stunning location, the hotel is set within fifteen acres of mature private grounds with a fantastic views over Portree

Bay towards the majestic Cuillins Mountain Range. The Cuillin Hills Hotel offers one of the best vistas from any hotel on Skye. The stone-sided manor, formerly Armadale Lodge, was built in 1820's by the MacDonalds clan as a shooting lodge. The hotel features two restaurants specializing in locally sourced ingredients, traditional cuisine and carefully chosen wines. The more formal of the two restaurants enjoys panoramic views across the bay. Overnight at Cuillin Hills Hotel. (B)

Friday - Saturday, October 18 - 19 Exploring the Isle of Skye, Star of the Hebrides

These two days will be spent exploring the many wonders of the 48-mile-long Isle of Skye. Meandering around the island, we will see castles, *duns* (hill forts), and *brochs* (prehistoric round stone towers). We will view Dunvegan Castle. Built on a rocky outcrop on the shores of Loch Dunvegan, it is the oldest continuously inhabited castle in Scotland and has been the ancestral home of the Chiefs of Clan MacLeod for 800 years (and still is!). Rising from the almost perpendicular edges of the rock, its massive grey towers are incredibly scenic against a background of mountains and islet-spangled sea.

The Isle of Skye is home to many wonderful artists including weavers, knitters, potters, silver smiths and painters. We will explore the many shops and studios of these gifted folks including:

Skyeskyns: This family run business creates the world-famous Highland hand-combed fleece, which is exclusive to Skyeskyns. We will be transported back in time to witness how real sheepskins are made using time-honored methods of leather making – one of the oldest crafts known to man.

The Skye Shilasdaire Shop: A unique shop specializing in the naturally dyed yarns produced by Shilasdaire, the Skye Yarn Company, as well as locally designed garments created by experienced hand knitters and KnitKits catering for all abilities. We will visit their Dyehouse Exhibition, which offers an insight into natural dyeing and shows the variety of dyestuffs, and the equipment used.

Skye Weavers Workshop: Situated in a croft house and stone barn in Glendale, north-west Skye, they weave their products on some rather unusual-looking equipment, an eclectic mix of bought and purposebuilt weaving machinery including a bicycle pedaled loom.

Teo's Handspun: This shop features cashmere and baby-alpaca, shiny kidmohair, merino, rustic gotland, and more unique and wild yarns, all handdyed. We will enjoy a demonstration spinning during our visit.

Skye Silver: Since 1974, Stewart John Wilson has been

designing and producing exclusive Celtic, Scottish and modern designs in silver and gold available nowhere else.

Duncan House: Handcrafted Celtic jewelry and knives in Ancient Celtic knotwork and Pictish style.

The hiking and walking on Skye is superb. There are literally hundreds of options from a stroll in the woods to a mountainous ascent. Skye also offers horseback riding, fishing and its own nine-hole golf course. There really is something for everyone on the Isle of Skye. Overnight at Cuillin Hills Hotel. (B, D one night)

A loom powered by a bicycle at Skye Weavers!

Sunday, October 20 Back to the Mainland, Glencoe and Argyll

This morning we travel back to the mainland. Our route today is beautiful and is recognized for its breathtaking, varied scenery skirting lochs, passing tiny villages, historic glens, and towering mountains. If the weather cooperates, we'll drive through the moody scenery of Glencoe, home to the infamous massacre of the clan MacDonald. It is a stunning and eerie

landscape. We'll also stop at the Glenfinnan Monument, a moving tribute to the people that died fighting for the Jacobite cause. If we're lucky, we might catch a glimpse of the "Hogwarts Express" steam train traversing the magical setting of Harry Potter's film location.

Middle photo: The house used in the James Bond Film "Skyfall"

Our destination is Oban, the Seafood Capitol of Scotland, and the Gateway to the Isles. The city is scenically nestled on the West Coast and encompassed by miles and miles of scenic coastline and verdant countryside. We'll spend three nights here so that we can explore the nearby islands of Iona and Mull. Our accommodation is at The Manor House, a lovely Georgian House built in 1780 by the 5th Duke of Argyll, and only a few minutes' walk from the town center. It boasts

spectacular views over Oban Bay and the isles of Kerrera, Lismore and Mull. Overnight at Overnight at The Manor House. (B)

Monday, October 21 Exploring Isle of Mull, Scotland's "Hidden Gem"

Today we'll take a 45-minute ferry ride to the extremely picturesque Isle of Mull, the second largest island of the Inner Hebrides and the 4th largest in all of Britain. The landscape features more than 300 miles of coastline craggy mountains, cascading waterfalls and secluded glens. Its ever-changing landscape is home to moody lochs, quaint villages, hidden

beaches and has the reputation as the premier wildlife tourism destination in the UK. Whales, dolphins and seals ply the waters off the island while a myriad of deer, otters, sheep and highland cows freely roam the terrain. The Isle of Mull is also the best place in the UK to see white-tailed eagles, golden eagles and sea eagles and is earned the nickname "Eagle Island."

The main town of Mull is Tobermory, considered one of the prettiest towns in Scotland, was built as a fishing port in the late 18th century. The brightly painted buildings that line the main street create a picture-perfect postcard setting amid the wooded hills surrounding the bay. It even has its own distillery and the Rubha nan Gall lighthouse built in 1857. We'll have some time to wander through this idyllic island village.

We'll visit many of the sights and drink in the unique atmosphere of the island. One such visit will be Duart Castle, built

in the 13th century. It was the ancient seat of Clan MacLean and is perched on the crags overlooking the Sound of Mull. Other castles on the island include 15th century Moy Castle, 13th century Aros Castle and Glengorm Castle dating back to the 19th century. We might also include the Viking village of Dervaig, Calgary Sculpture Trail, and Lochbuie Standing Stones just to name a few possibilities. We'll ferry back to the mainland and our cozy accommodations late in the day. Overnight at The Manor House. (B)

Tuesday, October 22 The Ancient Isle of Iona, "The Sacred Island"

Today we will visit the tiny Isle of Iona which is only 1.5 by 3 miles in size. We'll take the ferry once again to Mull where we catch a foot ferry from Fionnport for a 10-minute ride to Iona. While diminutive in stature, this little island packs a big historic punch. Iona is a holy island and home to the oldest and most sacred religious places in all of Western Europe.

It has attracted pilgrims since the 7th century and is often described as the birthplace of Christianity in Scotland. St. Columba and his companions traveled here from Ireland in AD 563 and founded Iona Abbey and Nunnery, one of the most important monasteries in the British Isles. This striking structure, built from Ross of Mull pink granite, is one of Scotland's most sacred and historic sites featuring Celtic crosses and cloister carvings. The early monks survived many Viking attacks in the early years. Thus, they removed many treasures from Iona to Ireland for safety. One of the most famous "rescues" was the "Book of Kells," the beautifully illuminated manuscript created on Iona.

One does not need to be religious to appreciate the power of Iona. The following description perhaps puts its importance into another, equally compelling, light: "St Columba, who was given the island of Iona, brought the gift of literacy to our shores. This magic was every bit as powerful as an iron sword. The man who welded the pen could take the very words from the King's mouth and make them permanent in ink. Once a king's demands were written down, copied and circulated, that was the basis of a legal system, of contracts, of treaties. Literacy was power. The birth of literacy shaped the very way for the way our world today."

©https://www.thehappylands.co.uk/blog-1/2018/10/19/hidden-gems-isle-of-iona

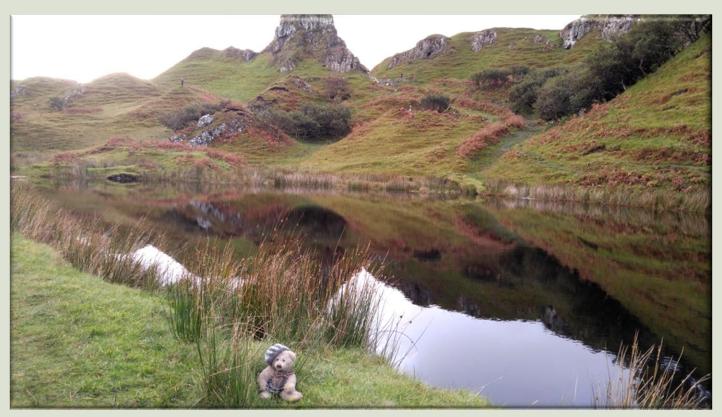

In addition to the spiritual and historic significance of Iona, its coastline is awe-inspiring with nine white shell/sand beaches. Its waters are an idyllic blue-green and the views out to see are beyond stunning. Much like Mull, wildlife abounds here in the unspoiled habitat. Perhaps what many people remember most of Iona is the sense of peace and tranquility, perhaps different than any other part of Scotland. Overnight at The Manor House. (B)
