This is an innovative product that allows you to create a personalized rally where participants will be guided by iPads towards different challenges. All the activities are automatically activated by geolocation or QR codes, making the rally more interactive and entertaining.

**Be Tech Building** can stimulate participants, their capacity for creativity, strategy, leadership, teamwork and promote the company's identity through a series of physical and mental challenges.

Supported by Team Moove Technology, **Be Tech Building** offers 100% customizable content. Collecting objects, finding places, taking photographs & videos, answering questions and completing challenges both virtually and physically are some of the options this program can offer.

## We count **on you!**

Because helping can be a lot of fun, here in BE, one of our goals is to match socially responsible companies and sustainable corporations with associations dedicated to social causes, environmental preservation and the protection of cultural heritage.

# Greenteams

*we count on you!*

## Nowadays

We work with Flora y Cultura AC and support different associations which work with disabled children. Our work with these organizations consist of a program with different activities and tasks that are adapted according to the association's needs and purposes. Every task or activity developed in this program make people experience life from a different perspective.

# MURALISTS

At **BE** we are sure that creating a monumental mural is a great way to show how people can fulfill an objective through teamwork. We strongly believe that teamwork is very effective when all participants perform and understand their assigned task appropriately.

Each team will paint a mosaic of the mural on their own and at the end all the mosaics will be put together to unveil the final masterpiece.

# The Race of the Lettuce

Since ancient times and up until the creation of molecular cooking, man has lived different stages that have been remarked by the creativity and innovation applied in the most exquisite and tasty dishes.

The Race of the Lettuce is a fun activity in which teams will have to achieve a set of challenges in order to get ingredients that will be used later in the preparation of a salad. The winner of the game is the one that gets more points in the final score. Judges will grade each salad based on the ingredients used and the team's creativity.

# Ventura

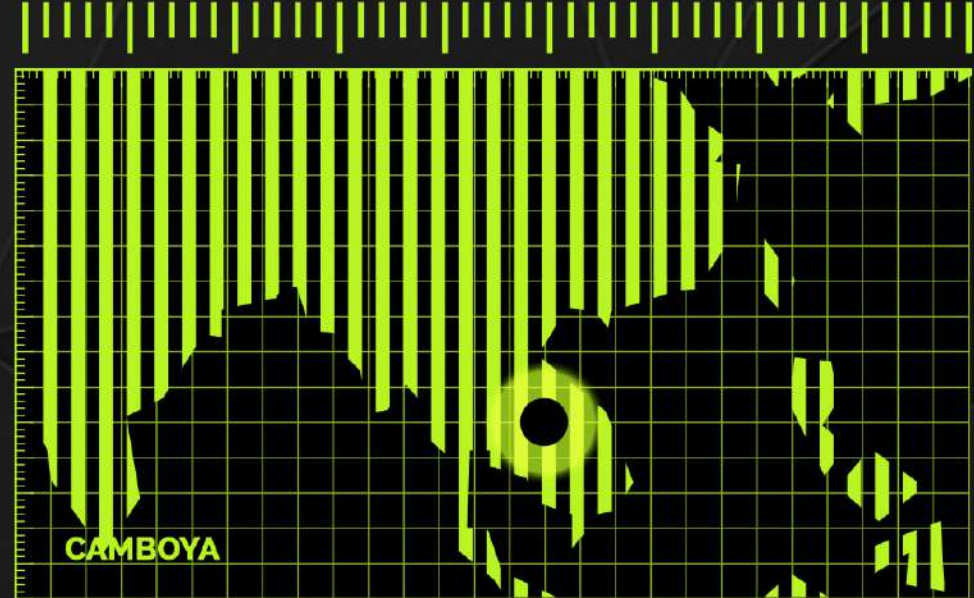

## WORLD MISSION

Welcome to **Ventura World Mission**, a fun challenge for new secret agents where they must travel through different countries (Worlds within Ventura Park) to collect the secret codes as a part of their mission.

To do so, team members will use their physical and mental skills to accomplish a series of challenges; such as car racing in Monte Carlo, flying over the Amazon jungle, bypass the Pentagon's security system, and more. Now hurry! Time is running out and **Ventura World Mission** is about to start!

Bienvenidos a Ventura World Mission, un divertido reto para los nuevos agentes secretos en entrenamiento en el que deberán viajar por diferentes países (mundos Ventura Park) para recolectar las claves secretas que en cada lugar se esconden y que les son solicitadas en su tarjeta de misión.

Para ello los equipos harán uso de las habilidades físicas y mentales de cada uno de sus integrantes pues correrán autos en Montecarlo, volarán sobre la selva del Amazonas, burlarán sistemas de seguridad en el Pentágono y mucho más. El tiempo se agota y es momento de Ventura World Mission.
