#### **BENEFITS** (All amounts shown are in U.S. dollars)

Global Senior Plan covers the Usual, Reasonable and Customary (URC) charges for eligible expenses in the area where you receive treatment. Each insured person will only need to satisfy their deductible once per period of coverage (12 months). For eligible expenses incurred in the U.S. and Canada: Once the deductible is met, the plan pays 80% of the next \$5,000 in eligible expenses, then 100% of eligible expenses up to the maximum limit. For eligible expenses incurred outside of the U.S. and Canada: Once the deductible is met, the plan will pay 100% of eligible expenses up to the maximum limit.

# **EXTENSIVE PROVIDER NETWORKS**

With a Global Senior Plan, you may seek treatment with the hospital or doctor of your choice. When seeking treatment in the U.S., you can reduce your out-of-pocket costs by using the independent Preferred Provider Organization (PPO), a separately organized network of hundreds of thousands of established, highly qualified medical practitioners and many well-recognized hospitals in the U.S. contracted by IMG. You can quickly search the network through the online member portal, MyIMG<sup>SM</sup>. Additionally, to help you locate health care providers outside of the U.S., IMG provides its online International Provider Access<sup>SM</sup> (IPA), a database of more than 17,000 physicians and facilities.

### **PRECERTIFICATION**

Prior to receiving treatment, you may need to contact IMG to precertify your treatment for medical necessity. This means you or your attending medical practitioner must communicate with an IMG representative at the number listed on the IMG identification card prior to admission to a hospital or performance of a surgery. In case of an emergency admission, the precertification call must be made within 48 hours of admission, or as soon as reasonably possible.

It is important to note that precertification is only a determination of medical necessity, not an assurance of coverage, verification of benefits or a guarantee of payment. All medical expenses eligible for reimbursement must be medically necessary and will be paid or reimbursed at usual, reasonable and customary rates. Please refer to the Policy Wording for full details of the precertification requirements. You must follow precertification instructions carefully. Failure to do so may invalidate your claim or, in certain circumstances, result in a loss or reduction of coverage.

Note: An insured person may begin the precertification process through MyIMG or the Client Resources section of our website, www.imglobal.com. Simply look for the precertification option. You will be asked to provide the required information, which can then be submitted electronically to IMG. Once we have confirmed receipt of your request, our utilization management and review team will review the information provided and respond to the insured person or the provider within two business days. Please note that this online service will only initiate the precertification process, and it should not be used to precertify emergency admissions, procedures or evacuations.
