About Us:

ACHI pronounced (Aah Chee) is defined as strength in sisterhood. Started in 2014, ACHI Women Supporting Women Association, Inc is a 501(c)3 nonprofit organization comprised of accomplished women, dedicated to supporting educational programs, mentorships and the necessary resources to empower the next generation of women.

Who We Are:

We are a faith-based organization comprised of servant-leaders. Our focus is on the growth and well-being of women in the communities to which we belong. We believe that as women we have a purpose on this earth and that we are called to serve in some capacity. Working together in a sisterhood we aim to be the change we want to see.

Vision Statement:

We envision a world where all women, from across the globe will come together to grow – emotionally, professionally and spiritually – through self exploration, collaborations and shared ideas to maximize their full potential.

Mission Statement:

Our mission is to provide a place where professional women can come together to discuss and create avenues of support, resources, and economic empowerment, while supporting the next generation of women. We accomplish this goal with the help of our members by offering mentoring, programs and conferences which focus on education and skill training for women and girls.
