BATHROOM REMODEL CHECKLIST

Before contacting a contractor or designer about your next remodeling project, you might consider the following checklist. A typical bathroom remodel takes 2-6 weeks, depending on the complexity. This checklist includes the most common elements of a bathroom remodel. If you think about these elements in advance, your designer and/or contractor will be able to design and quote your project within your budget and give you a realistic timeframe for your project. Please fill out as much information as possible.
