## KITCHEN REMODEL CHECKLIST

Before contacting a contractor or designer about your next remodeling project, you might consider the following checklist. A typical kitchen remodel takes 6-8 weeks, depending on the complexity. This checklist includes the most common elements of a kitchen remodel. If you think about these elements in advance, your designer and/or contractor will be able to design and quote your project within your budget and give you a realistic timeframe for your project. Please fill out as much information as possible.
