

## High Fidelity Voice Quality, Cloud-Management and Premium Functionality at an Affordable Price

With OBi1000 Series IP phones you get high-definition 'HD' voice for crystal-clear calls, OBiTALK cloud management and functionality that's easy to use. Commonly used call functions such as putting a caller on hold, transferring, picking-up or conferencing calls are intuitive to use and set-up. Other calling and user features are easily programmed into either the line keys next to the display - in total, there are 5 - or the one (1) programmable key within easy reach on the right side of the phone body.

### Included Features

- ✔ Large, Vivid Display
- ✔ Up to 10 Lines or Call Appearances
- ✔ HD Speech Technology
- ✔ Headset Support
- ✔ 2 Ethernet Ports with Power over Ethernet
