# *Our Pet Loss & Cremation Center*

At Companion Care Pet Cremation by Tufts Schildmeyer, we operate our own state of the art cremation facility that is impeccably clean and secure. We are licensed and regulated by the State of Ohio, Environmental Protection Agency (EPA), Occupational Safety Health Administration (OSHA), Cremation Association of North America (CANA), and the Ohio State Board of Funeral Directors and Embalmers. Many other funeral Homes in our general service area sub-contract their cremation services to non-regulated, non-licensed and non-certified crematories that operate within the confines of concrete fabrication factories or in warehouses, garages, or cemeteries.

Companion Care Pet Cremation by Tufts Schildmeyer adheres to strict standards such as the Cremation Code of Ethics by CANA, Certified Operators, Licensed Personnel, and the encouragement of a family's personal inspection. We are the first to offer special "pet witnessing" in our crematory that allow family members to be present at the start of the cremation process. We follow a strict tracking system that ensures each cremation is done without errors. We constantly monitor our tracking system and continue to maintain an A plus rating.

## *Pet Casket Options*

Eco-friendly pet caskets are very popular for burial. These caskets are made from 100% recycled rice and bamboo husks and are very durable.
