Session Fees

Your session fee is half of your session package and includes a consultation to get to know you and make sure your session will capture your personality. We'll discuss outfits, locations, and backgrounds.

Payment of the session fee is required at the time the session is scheduled. (Cash, check, and credit cards are accepted). Travel to locations outside J.C. may incur additional travel costs.

Session Information

What is worn should not command greater attention than the person. Clothing that is of a simple classic style produces the most pleasing portraits. Loud, bright colors with bold patterns, stripes, polka dots, and plaids usually do not photograph well. Individuals photograph best when well rested. Backgrounds will be discussed at your portrait consultation. We invite you to ask about any aspect of the portrait session.

Retouching is done on all finished portraits. If major retouching is necessary, it is charged once per image, not per print.
