SDL Flat Bar Profile

SDL Flat Wide Bar Profile

SDL kits may be purchased separately or installed – a perfect accent to Belmont flush glazed doors.

Smooth Finish
Belmont's ultra smooth finish features a unique brush stroke surface that is ideal for painting.

Durability
Top and bottom rails are constructed from rot free composite material. Molded fiberglass skin, and polyurethane foam core combined with engineered wood stiles provide superior thermal performance, strength and durability.

Security
Door stiles are constructed with engineered 4" hinge and 4" latch stiles.

Construction
Engineered wood is stronger, free of knots and more rigid than traditional wood stiles, resisting shrinking, bowing and twisting.
