

DOMAINE DE MONTALON

The 'Magic Garden' on the 'Montalon' parcel, 83 meters high has been in Hele-
ne's extended family since 1639. Once strewn with 13 stone windmills, only 4 re-
main today.

The grapes are entirely hand-harvested on this steep 3 acre parcel and the wine
undergoes long maceration then barrel aging for 12 months. The intention is to
remain as faithful to the unique terroir of Montalon as possible, and the wine
today reflects the same beautiful and rich characteristics of the Montalon wines
from vintages long ago.
