“Next Plane Out”

WHY IMMEDIATE INTERIM CLUB MANAGEMENT?

Golf, City and Yacht Clubs are exposed to the same unpredictability as other industries. That can mean unexpected turnover – with no leader at the helm, uncertainty throughout the club, and tasks left unperformed.

That's where we come in.

Club Advisors places seasoned Interim General Managers, Executive Chefs, F & B Directors, Controllers, and Marketing Specialists on the ground in as fast as five days if needed, and ready to fulfill the immediate needs of the Board, Staff, and Members.

Club Advisors specializes in assisting clubs in transition. Our seasoned professionals have worked with dozens of clubs across the country and abroad over the last three decades.

We are ready to work for YOU; Throw Us The Keys!

BENEFITS OF WORKING WITH CLUB ADVISORS

IMMEDIATE, EFFECTIVE SOLUTION FOR A GAP IN CLUB MANAGEMENT

We will alleviate fears and anxiety among the Staff and Members. We will remove the burden on the Board or co-workers to fill in and take on tasks, while their other responsibilities suffer. Club Advisors will also assist by providing a level of oversight and support that will strengthen relations and create a vote of confidence for all, and we'll keep the focus on revenue generation, retention and normal club operations.

"I'm writing to you to express my personal gratitude and that of our Board of Directors and entire membership for the outstanding work done by Skip Thompson during the two months he was the Interim GM at the University Club of Palo Alto. From the minute he arrived, Skip provided the steady and experienced management and oversight that our club needed while we searched for a permanent GM..."

AFFORDABLE FEES AND RETURN ON INVESTMENT

Our fees are no more than the Club is paying for the position for which we are providing interim management, plus expenses, so our services are affordable. Further, while we assume our interim role we also bring our experience to work for you to help grow your business.

LESS PRESSURE AND MORE TIME TO FIND THE PERFECT CANDIDATE

We alleviate some of the pressure on the timeline, allowing you adequate time to find the ideal replacement for the role and removing the pressure to choose a candidate too quickly, potentially hiring the wrong person.

General Manager

It can sometimes take up to four months to recruit a replacement general manager. Catastrophic events, illness, long necessary absences from the club from the general manager or department manager can be very damaging to the operations. Club Advisors, in concert with the board and operators, can provide a seasoned general manager for daily advice and decision making to sustain and enhance the operations to a very high level until a selection has been made for the leadership moving forward.
