THE COUNTLESS BENEFITS OF NAYSA CBD

CBD is one of more than 112 cannabinoids which are found in the hemp plant. As CBD is becoming more recognized in the health & wellness world, skin care, personal care and pet products, many scientific studies are already confirming there are unlimited health benefits related to using CBD.

DISCOMFORT RELIEVER

The body's endocannabinoid system helps regulate many functions. They bind to cannabinoid receptors in the nervous system. CBD interacts with these receptors to reduce discomfort.

HELPS REDUCE SKIN ISSUES

CBD helps neutralize free radicals, has anti-aging effects, has essential vitamins, minerals, nutrients, proteins and beneficial properties that help combat redness and irritation.

SUPPORTS NEUROLOGICAL FUNCTION

Studies have shown CBD's ability to act on brain signaling systems improved quality of life, sleep and quality for people with specific neurological problems.

QUITTING SMOKING AND SUBSTANCE ABUSE

Evidence suggests that CBD use may help people to quit smoking. A study found that CBD may be a treatment option for people with opioid addiction issues.

PROMOTES HEART HEALTH

Research has linked CBD with benefits for the circulatory system and heart. CBD and it's stress-reducing properties may be a natural and effective way for maintaining healthy blood pressure.

ANXIETY COMBATANT

More and more research indicates CBD can also be used as a natural approach in the therapy of a range of mental health problems, including anxious feelings and despondency.

PET FRIENDLY

Pets can suffer from discomfort, anxious feelings, stress and swelling. CBD can ease these symptoms improve their overall quality of life. It also protects the nervous system, promotes homeostasis and supports heart health.
