PHOTO mentors

An Indian Photo Tours Company conducts Photography Workshops, Guided Tours and Photo Expeditions across India & South East Asia.

Our specialized Digital Photography Workshops train the vision to capture the myriad riches in the world and arm the participants with the power of self-expression.

Our Photo Tours are designed on specially created itineraries that offer the best visual sights in the best times of the year at the chosen destinations across the Indian Subcontinent.

We offer laid-back, uncontroversial, thought provoking and often jaw dropping photography experiences as our Photo Tours seek out visual opportunities and cultural encounters most visiting tourists just never get to see.

PHOTOGRAPHY WORKSHOPS & GUIDED PHOTO-TOURS

Conducted by highly acclaimed professional photographer DHEERAJ PAUL who brings insight and enthusiasm in his workshops held across India.

His style of communication inspires & motivates, while his straight-forward teaching reaches participants of many different skill levels with ease.

PHOTOGRAPHY WORKSHOPS

Our Photography Workshops are aimed at photography enthusiasts of all levels of expertise. Participants learn from us the fundamentals of photography through condensed sessions and on-field assistance from our Mentor & highly trained faculty.

These Workshops and Master Classes are mix of Boot Camp like sessions, Field Exercises and Guided Location Shoot along with through review modules enabling them to work in any situation without inhibitions with total focus on learning and capturing stunning images.

PHOTO TOURS & NATURE CAMPS

Our Photo-Tours are planned for exciting photography and authentic insights at a comfortable pace allowing our photography director and his multi-lingual speaking team arrange privileged access and specially negotiated photographic opportunities you'd otherwise miss..

By attending Photo-Tours and Nature Camps and getting introduced to photography, participants learn an activity that can keep them frequently engaged, active and curious which directs them towards creative thinking. These tours are intense as they merge thrill of traveling, learning & shooting.
