HAAG Certified Inspectors on Staff

Quality One Exteriors continues the education and training for our Storm Damage Specialists. We have HAAG Certified Inspectors on staff, which have undergone additional training to accurately inspect and evaluate roof damage. By passing HAAG's Certification Course, our inspectors become "HAAG Certified Roofing Experts," which lends credibility to their assessment of roof damage. In order for our Specialists to remain active as HAAG Certified, continuing education courses are required every year.

Fully Trained Professional Craftsman

Quality One Exteriors has reputable installers who are fully trained and have mastered their roofing techniques through years of experience. Our crews are courteous and efficient. We install to manufacturer's specifications. Most jobs are completed within 1-2 days so that you can get back to your normal routine as quickly as possible.

Full time safety & quality control department to be fully OSHA compliant

Quality One Exteriors is very proud of our safety record. We go above and beyond OSHA requirements by providing extensive training to our staff. We perform daily inspections of our crews to enforce our safety rules. In addition to protecting our team members, we also protect properties. By using tarps and plywood, we ensure protection for the properties we are restoring.

Limited Lifetime Warranties on Materials and One Year Workmanship Warranties

Our quality of work remains supreme. Quality One Exteriors provides high quality materials and installation. We have highly trained and skilled installers. A member of our Quality One Exteriors Management team visits every job site to ensure your work is done correctly. A one year warranty for workmanship is offered in conjunction with limited lifetime warranties offered from our product manufacturers. By providing these warranties we hope to offer peace of mind to our customers knowing they are receiving quality materials and workmanship.
